Californians

Who Have

Died in Service

Casualty List Compiled from Daily
Report of Commanding General of
the American Expeditionary Forces

Issued by the
California War History Committee
of the
State Council of Defense
State Capitol, Sacramento

TO THE
ARMED FORCES

The California War History Committee of the State Council of Defense is compiling a biography of Californians in the service, and is especially anxious to obtain a complete record of those of our brave defenders who have made the supreme sacrifice in behalf of their country.

This list of California casualties has been obtained in the main from the daily report of the Commanding General of the American Expeditionary Forces, as published in the Official Bulletin of the Council of National Defense.

It is probable that there are omissions as well as errors in the list, and persons discovering either are requested to write at once giving the corrected information.

There is being organized in each county a branch of the California War History Committee. Relatives and friends of those who have joined the colors are urged to furnish these county committees with any facts that might be incorporated into a biographical sketch. Photographs, preferably in uniform, are especially desired.

CALIFORNIA WAR HISTORY COMMITTEE.

Edward A. Dickson, Chairman.

Address:

California War History Committee,
Soldiers' Biography Division,
State Capitol, Sacramento.
